

DRIVING INSTRUCTIONS

From Austin:

Travel North on Interstate 35 to Exit 279. Continue 5 miles, then turn right into the first driveway after the Valero Truck Stop.

From Waco:

Travel South on Interstate 35 to Exit 282B. Turn left at the crossover and head north on the service road. Turn right into the first driveway after the Valero Truck stop.

PROFESSIONAL DEMONSTRATION JUMPS

Our Team can make any outdoor affair a special event. You can have one to four skydivers jump for your event. We can do free fall demonstrations with special flags or banners.

Hours of Operation

9:00 a.m. until sunset on weekends and holidays.

Weekdays by appointment

AFF Classes 9:00 a.m. Saturdays and Sundays and during the week by appointment (Jump same day weather permitting). Participants should check in by 8:45am to complete administrative requirements prior to class start.

Reservations required for all first jump courses and tandem jumps.

This course is unsurpassed if you are interested in becoming an accomplished skydiver in the least amount of time or just want to “feel it all” in one jump. The AFF program is the most advanced course offered. The privately instructed course is structured around a seven jump program. Each of the seven jumps is regarded as a “learning level.” Each level has “targeted learning objectives” which must be satisfactorily demonstrated to your jump master (s) prior to progression to the next level.

After you receive 30 to 40 minutes of ground instruction you and your tandem master will gear-up and take a short airplane ride. You will then jump attached securely to your tandem master. You will experience the thrill of jumping from **TWO MILES** up after which your tandem master will deploy your main parachute. Together you will glide serenely through the sky under a parachute built for two for a landing in the target area.

VIDEO/PHOTO COVERAGE

For an additional fee you can have your skydive recorded to show your friends and family. You will receive a “MTV” style produced DVD you can share with friends and family.

EQUIPMENT

On additional jumps you may rent your equipment at Skydive Temple. However, as you progress you may decide to buy your own equipment. This will save you money over the long term since it reduces the cost of the jump significantly. Our staff will be more than happy to help you determine your equipment needs and you can purchase your equipment from Skydive Temple at a substantial savings. On occasion, there may be good used equipment available that can further save you money on the cost of equipment (please ask for availability).

We accept Visa, Mastercard, and

Discover credit cards.

Prices, options, course content and other items listed in this brochure are subject to change without prior notification by Skydive Temple.
